There are currently four cosponsors, time to start firing off emails, letters and phone calls to our Senators on the Hill asking them to cosponsor and support this legislation and the same with our our Reps in Congress regarding H.R.1581.

The full text of the legislation is not available at this time nor does it have an official short title but something should be released this week. The big guns in the Land Access/Rights battle should have a determination regarding what is going on and letter generators up shortly.

Kudos to those who have already taken action and spent two minutes to fire off an email, letter or phone call urging your Representative to cosponsor the House Bill H.R 1581.

Folks who haven't done so yet, please make the time to weigh in with our Public Servants on both Bills urging them to cosponsor and support this important Legislation.
